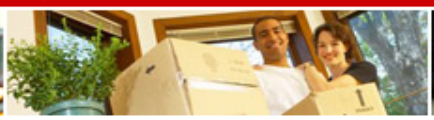
Spouses to Teachers: The Power to Move You



Moving 101

Your moving experience begins when you receive your Permanent Change of Station (PCS) orders. The information below will give you a head start on what to expect and who you need to contact when you receive your first set of PCS orders.

Household goods
Household goods (HHG) include items associated with the home and all personal effects belonging to a member and dependents on the effective date of the member's PCS or TDY order that legally may be accepted and transported by an authorized commercial transporter. HHG also include: professional books, papers, and equipment (PBP&E), spare POV parts and a pickup tailgate when removed, integral or attached vehicle parts that must be removed due to their high vulnerability to pilferage or damage (e.g., seats, tops, winch, spare tires, portable auxiliary gasoline can(s), and miscellaneous associated hardware), vehicles other than POVs (such as golf carts, motorcycles, mopeds, jet skis, hang gliders, snowmobiles), and their associated trailers, boats and single occupant ultralight vehicles for recreation or sport purposes; weighing less than 155 pounds if uncovered or less than 254 pounds if powered; having a fuel capacity not to exceed (NTE) 5 gallons; airspeed NTE 55 knots; and power-off stall speed NTE 24 knots.

HHG do not include:

- personal baggage when carried free on an airplane, bus or train
- automobiles, trucks, vans and similar motor vehicles
- airplanes, mobile homes, camper trailers and farming vehicles
- live animals including birds, fish and reptiles
- cordwood and building materials
- items for resale, disposal or commercial use rather than for use by the member and dependents
- privately owned live ammunition
- articles that otherwise would qualify as HHG but are acquired after the effective date of PCS orders except: bona fide replacements for articles that have become inadequate, worn out, broken, or unserviceable on/after the effective date of orders

Housing Office
Your Installation Housing Office can help you with:

- Determining your housing allowances and entitlements
- Determining availability of government housing at your new location
- Getting help with finding local community housing at your new location
- Finding out about arranging temporary lodging

Permanent Change of Station (PCS) Allowances and Entitlements
There are various allowances and entitlements associated with most CONUS and OCONUS moves. DO NOT ASSUME that you will receive any of these allowances. Allowances change periodically so ensure you check with the finance office on your installation to determine the exact amount of your allowances and entitlements.

Personally Owned Vehicle (POV)
One POV by you or your family member may be shipped at government expense overseas. It must, however, be for you or your family member's personal use only. If you desire to make your own arrangements and ship an additional POV, consult your Transportation Office for any restrictions which may apply. You may be required to pay an import duty on a second POV. At the option of the member shipping a vehicle overseas, a motorcycle or moped may be considered a POV if the member does not ship a vehicle with four or more wheels under the same set of military orders. A vehicle under a long-term lease (12 months or longer) may be shipped if you obtain written permission from the leasing company.

The POV should be delivered to the port prior to the departure of the personnel on whose orders the shipment is to be made. This includes dependent travel authorizations when no POV has been previously shipped on the sponsor's orders. Member must have a minimum 12 months remaining on overseas tour at the time the vehicle is delivered to loading port. If a military spouse delivers the vehicle to the loading port they must have a Special Power of

Plan My Move provides you with a three-month calendar of steps you need to take to insure a smooth move for you and your family. If you have fewer than three months until your move, complete the steps you've missed. Don't panic, but DO swing into action. The tasks are grouped by week and day so you can follow a daily schedule that works for you. Keep in mind, that each of these steps may take differing amounts of time.

You may also create a Customized Calendar specific to your needs and schedule.

View information about the installation where you are currently stationed (Fort Knox) and the installation where you are being reassigned (Heidelberg, Schwetzingen, Germersheim).

Programs and Services

While moving is always stressful, your stress can be drastically reduced if you take full advantage of the information, education, and personal assistance provided to you by the Relocation Program. This is the place to find answers and get referral to other installation resources as well as assistance with in-transit emergencies. The most important thing you can do to ensure a smooth move is to start planning early using the many Relocation Assistance program services and tools available.

Individual PCS Planning -- Most relocation programs offer one-on-one consultation for anyone needing assistance. In particular those making their first military move, first overseas move, or those with challenging and complex situations such as special needs family members or financial problems should call the Relocation Program for an appointment.

Military Installations and Plan My Move -- For managing and planning your move, use these two DoD sponsored web-based relocation tools with information on over 250 installations worldwide. You can estimate expenses, find the forms necessary for housing and household goods, keep a calendar of events and take other necessary actions to ensure a successful move.

Loan Closet -- Basic household goods items are available to borrow while waiting for your personal property pre-departure or upon arrival. The typical items in stock include: pots and pans, dishes, silverware, irons, ironing boards, portacribs, high chairs, and infant/toddler car seats. Generally, towels and bed linens are not available, so these should be packed in your hold baggage.

Workshops and Briefings -- The classes offered vary from installation to installation but you can generally find classes on buying, selling and renting smart, budgeting and finance, moving with children, general moving preparation and many other moving related topics.

Pre-departure Briefings -- Sometimes called Smooth Move or PCS Briefings, you and your spouse will want to attend for sure. These briefings provide essential information that can prevent you from making uninformed and costly decisions before your move.

Settling-in Services -- These may include welcome wagon services, local area tours with childcare often provided, or basic household items to use until your goods arrive. Overseas arrival services may include introductory language classes and cultural awareness training.

Deployment Support -- The Family Center assists unit family readiness groups and Ombudsman programs during the entire deployment cycle. Support includes services for special needs, classes on deployment preparation, managing finances, helping children adjust, family separation, return and reunion, and information on resources available locally and on-line.

Foreign Born Spouse Support -- Whether your question concerns immigration and naturalization, learning the English language or how to take local transportation, the Relocation Program provides assistance, classes and referrals.

Emergency Assistance -- From time-to-time emergencies occur while moving, the Relocation Program office has the resources to provide emergency financial assistance

Plan My Move provides you with a three-month calendar of steps you need to take to insure a smooth move for you and your family. If you have fewer than three months until your move, complete the steps you've missed. Don't panic, but DO swing into action. The tasks are grouped by week and day so you can follow a daily schedule that works for you. Keep in mind, that each of these steps may take differing amounts of time.

You may also create a Customized Calender specific to your needs and schedule.

Welcome: rebecca.posante@osd.mil

This customizable calendar allows you to create a calendar unique to your moving situation. You can remove, modify or add tasks to make it your own. You may also setup e-mail notifications, so that you do not forget those important appointments. E-mail reminders will be sent to the e-mail address you used to create your customize calendar account.

To remove a task, select **"Remove"** under the task to be removed. A dialogue box will appear that asks if you are sure. Select "OK" and the task is removed.

To modify a task, select **"Modify"** under the task to be modified. You may change the date, modify the name of the task and/or choose an e-mail notification. After you are satisfied with your changes, select **"Apply Changes."**

To add a new task, select the **"Add new task to Calendar"** button above the calendar. Choose your date, name the task and choose an e-mail notification. Select **"Add Task"** and the new task appears on your calendar on the date that you selected.

You can only add, modify, or remove one task at a time.

To reset the calendar back to the original 3 month moving calendar, simply select the **"Reset back to System Calendar"** button.

Once you have finished customizing your calendar, return to the My Planning Calendars page to view your work and print a customized to do list.

History

Camp Gordon, named for Confederate Lieutenant General John Brown Gordon, was activated for infantry and armor training during World War II. Almost deserted after June 1948, the post came to life in September 1948, with the establishment of the Signal Corps Training Center. Camp Gordon, become a permanent Army installation on March 21, 1956, and was re-designated Fort Gordon. Designating the installation the U.S. Army Signal Center, the Army consolidated all communications training at Fort Gordon on October 1, 1974. The arrival of the Army's Computer Science School was only part of the impetus for the fort's tremendous growth during the 1980s. The following decade found its Mobilization Command deploying numerous troops to Southwest Asia during Operation Desert Shield-Desert Storm (1990-1991). Fort Gordon figures prominently in the post-Cold-War national defense. For more information, go to the Fort Gordon homepage.

Mission

Fort Gordon's primary mission is training for signal and ordnance soldiers. The installation is also home to the 93d Signal Brigade, 513th Military Intelligence Brigade and the Regional Security Operations Center. The Dwight David Eisenhower Army Medical Center, serving the Southeastern states, is also located here.

Local Community School Resources

Choosing the right school for their children is a priority for military families. This article describes excellent resources for your use in planning for your child's educational needs. Parents can find current information about public, charter and private schools by using the tools below:

1. How do I choose a good school?

Choosing a School for Your Child is a U.S. Department of Education publication that will help families identify what is important in selecting a school.

The School Visit: What to Look For, What to Ask Whether you are choosing a school for the first time, or because you are in transition, this site will provide you with information about what to do and what to ask.

2. What schools are in my area (or in the area where I may move), and how good are they?

Several high quality commercial tools are available to assist in making decisions about which school to choose for your child. Listed below are these website tools along with information on how you access the information and what type of information each site provides.

Both Great Schools and School Matters provide a wealth of information for parents:

- School contact information
- Distance from zip code (provide the installation zip code, or the zip code of the area where you will be living)
- Public, private or charter school designation
- Student/teacher ratios
- Free and reduced school lunch program (an estimate of economic disadvantage)
- Great Schools provides a rating of schools and a parent comment section
- Percentage of students meeting or exceeding the state standards in math, reading and language arts
- Teachers - average number of years teaching experience, % of first year teachers on the staff
- Students: Average percentage of students absent from school for more than 15 days
- Ethnic breakdown and percent of students with English as a second language
- School Matters provides college prep scores (PSAT, SAT, ACT test scores)-for high schools only
- Great Schools also provides parents the ability to rate the schools and make comments on the schools.

For both sites, the user must enter the State and zip code to find schools in the area.

SchoolQuest was developed by the Military Child Education Coalition to help military families select schools. SchoolQuest also offers an Online Library that provides resources for families in transition. At this time, the SchoolQuest data base covers 99 military installations. The Military Child Education Coalition also provides a data base of information on each State's educational system.

The School Report Tool is an on-line data bank that list names and locations of public, public charter, private, virtual and home schooling choices around major installations. Charter Schools are nonsectarian public schools of choice that operate with freedom from many of the regulations that apply to traditional public schools. Use this site to find one in your area.

3. How can I help plan for a successful transition in this new school and for my child's school career?

Parents often want to know about the availability of extra curricular activities and sports, or the availability of advanced classes. For these questions, it is best to contact the schools directly. It is important to ask the right questions. The following resources can help with these questions and others.
